January 25, 2016

My dear friends of Orphan Children of India,

Greetings from Fr. Angelos and the Board members! First of all, I wish you a blessed and grace-filled New Year 2016. As we thank God for the many blessings we received in 2015, we look forward with hope and confidence, trusting in our Lord's loving providence. Last year was one of tremendous blessings. Our dream of having a home for the children in India was realized in April. The President of our Board, Mr. Kevin Kelter and I went to India in April for the grand opening of our Orphanage. It was a wonderful experience for us. We had two bishops, many priests, religious, and laity for the function. The children put up a beautiful cultural entertainment program.

We now have a beautiful and spacious building for the children and they are extremely happy to have a place to live in. The school there has been upgraded to 10th grade and they are working on further upgrading it unto 12th grade. We have completed our building project. Our commitment to the bishop and children is that we will continue to support the orphanage as long as we can. I want to thank you for supporting us generously. Together we are making a difference in the lives of thousands of children. Please do continue to be part of our mission to reach out to the less fortunate and abandoned ones. This year we will be focusing on helping the homeless in our cities and counties. We will be sharing more information about this mission soon. I humbly request your generous support and patronage as we try to reach out to our brothers and sisters on our streets and parks.

Our Holy Father Francis has been encouraging us to meet Christ in the poor and homeless. This year is also the "Year of Mercy" and our holy Mother Church invites us to be merciful as our Heavenly Father is merciful. As we came together to help the children in India, so now lets come together to help our homeless in our neighborhoods. Once again I would like to thank you for making the sacrifice to help our mission. Please do continue to be part of our mission as we strive to show the compassion, love, and mercy of our heavenly Father to those who are neglected, abandoned, and forgotten by the society. God bless you abundantly throughout this new year and every day of your life.

With much gratitude and prayers,

Fr. Angelos Sebastian

Kevin Kelter, president

No goods and services have been offered in return for the donation.
